

WHAT YOU SHOULD KNOW

Real Estate and Tangible Personal Property taxes are delinquent April 1 each year. A tax certificate or tax warrant may be issued if your taxes are not paid.

Failure to redeem a tax certificate or pay a tax warrant may cause the loss of your property.

If you did not receive a tax notice for each property and/or account you own, visit us online or contact our office.

As the owner, you are responsible for payment of taxes. If you recently purchased this property, review your closing statement or contact your agent to determine how the taxes were handled.

If you no longer operate a business or rent your real property, contact the Property Appraiser to update your records.

A **Tax Certificate Sale** is a public auction held on or before June 1 each year to collect delinquent taxes and non-ad valorem assessments, interest, costs, and fees. Tax certificates are issued to the tax certificate holder who will accept the lowest rate of interest.

A **Tax Certificate** is a first lien against the property. Tax certificates earn interest which is paid to the certificate holder when redeemed (paid) by the property owner.

A **Tax Certificate Holder** can make application for tax deed after two years have passed since date of delinquency (April 1).

A **Tax Deed Application** is made by the tax certificate holder. If the tax deed application is not redeemed, the property may be sold for the delinquent taxes, fees, and interest.

A **Tax Warrant** allows the Tax Collector to levy, seize, and sell enough tangible personal property to cover the delinquent taxes, interest, costs, and fees.
